

EDEN – E2C10 ENZO BERTI

Realizzate in metallo, sono costituite dall'inserzione di due contenitori dalla duplice funzione: un involucro per il meccanismo illuminante e un contenitore per vasi da fiori. Un oggetto che sprigiona una luce intensa, capace di creare atmosfere suggestive. Un'oasi naturale che arreda con gusto e personalità gli ambienti indoor. La sorgente a LED diffonde la luce sia verso l'alto che verso il basso rispettando la vegetazione e garantendo una maggiore efficienza energetica.

The lamps are made of a metal intended for interior environments giving a new perspective. The structure is characterized by two containers with two different functions: on one hand, from a technical point of view, the containers illuminate the environment; on the other hand, they can be used as a flower vase. Inspired by the suspended flower pots enriching balconies and pergolas, Eden creates natural oasis that furnish indoor environments with taste and personality. The light source, powered by led technology, shines both upwards and downwards, respecting the plants and providing greater energy efficiency.

Tipologia: SOSPENSIONE

Type: PENDANT LIGHT

Ambiente / Environment
INDOOR

Materiale: METALLO VERNICIATO
Material: PAINTED METAL

Finitura / Colore: CORTEN
Finishing / Color: CORTEN

Fonte luminosa – Lighting Source:
LED 15W 3000 K 1321LM CRI >80

Voltaggio – Voltage
240V

Classe Energetica – Energetic Class
A++/A

PROTEZIONE IP – IP PROTECTION
IP20

PESO – WEIGHT
12,5Kg
