

Name: Garota M/35

Design: Alex Fernández Camps / Gonzalo Milà / 2015

Typology: Table lamp

Environment: Indoor

Technical description:

The Garota Indoor LED is designed for indoor applications that do not require the technical specifications incorporated within our outdoor products. Lamp shade is composed of hand wrapped polyethylene synthetic fiber over aluminum frame, available in different colors. Light source is an LED module within a frosted, polyethylene globe of medium density. The electric cable is transparent with inline on/off switch.
