

Name: Twall LED

Design: Christophe Mathieu / 2004

Typology: Wall lamp

Environment: Indoor

Technical description:

The Twall has recently been redesigned to be compatible with LED technology. This wall lamp offers a clear and direct light. It is designed to illuminate stairwells, corridors or walkways where projection of no more than 10 cms is required. It is also suitable for illuminating tables or walls in a subtle manner.

The frame of this wall lamp is made entirely of stainless steel and includes a bottom diffuser and opal methacrylate top. It has 24 LEDs distributed on two panels. Finish: Satin Nickel, Polished chrome and White.

Important note:

Wall sconce product photography doesn't show US backplate mounting.
