Drill 2 holes (Ø5) at the right distance.

Apply correct wiring at 100mm from one of the holes
Mind the orientation of the fitting while positioning the wiring!!

3 installation in case of surface mounting
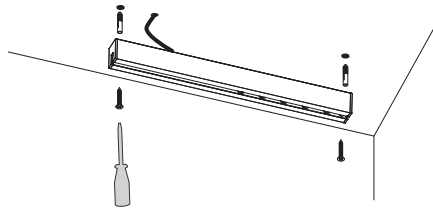

x
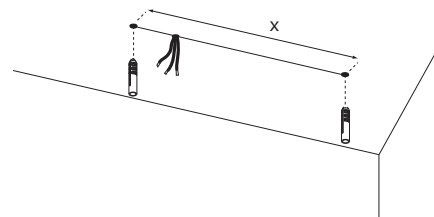

insert plugs

connect female connector with strain relief to
power supply (driver incl.) or driver (driver excl.)

make correct connection with male
connector in luminaire

4 installation in case of surface mounting
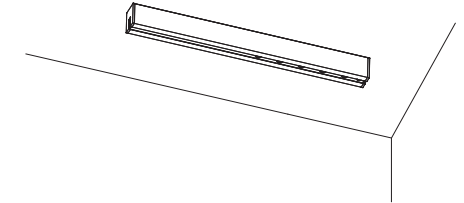

kreon

|		
4 **installation in case of surface mounting**	insert plugs and fix luminaire to ceiling	cover screw holes with supplied tube plugs
5 **installation in case of recessed mounting**	after installation of the plasterkit or recessed profile, follow the next steps	use the supplied parallelogram shaped nuts and screws with countersunk heads
		set the nut on top of the screw
6 **installation in case of recessed mounting**	make correct connection with male connector in luminaire	fix the luminaire in the installed recessed profile · cover screw holes with supplied tube plugs
