Asia è un concetto innovativo la cui fonte di luce è sia la parte funzionale che quella decorativa della lampada, incarnando così perfettamente l'etica di Contardi di fondere tecnologia all'avanguardia e design creativo.

Una gamma di prodotti caratterizzata da una forma pulita e lineare, ma con una forte personalità, il paralume di Asia si ispira ai cappelli a punta dei raccoglitori di riso cinesi e l'accostamento materico di tessuto, vetro e metallo è un'ulteriore caratteristica fondamentale della collezione.

Asia è disponibile in due diverse versioni: una con il paralume in cotone bianco (esterno e interno), e la seconda con un lato in tessuto di cotone bianco e l'altro in cotone color antracite. Si presenta come modelli da tavolo, da parete, da soffitto e da sospensione di diverse dimensioni.

Asia is an innovative concept whose light source is both the functional and the decorative part of the lamp, thus perfectly encapsulating Contardi's ethos of blending state-of-the-art technology and creative design.

A product range characterised by a clean and linear form, yet with a strong personality, Asia's lampshade is inspired by the pointed hats of Chinese rice pickers, and the material combination of fabric, glass and metal is a further key feature of the collection.

Asia is available in two different versions: one with the lampshade in white cotton (outside and inside), the second with one side in white cotton fabric and the other in anthracite-coloured cotton. It comes as table, wall, ceiling and suspension models of different sizes.
